

The Flores And Foley Roofing & Sheet Metal Companies Volunteer in the 2008 Habitat for Humanity Builders Blitz

Wilmington, NC — June 9, 2008 — Flores and Foley Roofing joins many in the local building industry in giving something back to the community.

Six local builders, David James and Co., Kent Homes, The Farlow Group, Jernigan Homes, Frank Bernhart Custom Homes, and Del Mar of Wilmington, participated in the 2008 Habitat for Humanity Builders Blitz at The Cottages at Cornerstone. The builders and over 125 professional volunteers teamed up to build three houses in less than a week.

“We were very pleased to be a part of something like this in our community, and were very excited when our builders gave us the opportunity to participate in the event. It shows the spirit and generosity of those in the local building industry, especially the builders who pulled this off,” said David Mattice, General Manager of the Flores and Foley Companies.
